

CEECOACH™

by FOURCEE™

The new system for easy
group communication

FOURCEE™
powered by peiker

The perfect active companion

The communication system that networks even without a network

With the new CEECOACH™ from FOURCEE™, 2-6 participants can communicate over a distance of up to 500 meters without a smartphone or mobile phone network using modern Bluetooth® technology.

Whether you are riding, mountain biking, climbing or doing winter sports: CEECOACH™ makes sports and training more enjoyable, eventful, social and safe.

- More reliable than standard radio systems
- Modern and outstanding design
- Easy and intuitive operation
- Splash and dust-proof
- Excellent speaking & sound quality
- Simultaneous speaking with Full-Duplex
- Variable mounting options
- Fast Plug & Play connection
- High battery performance

Delivery contents include

- 2 CEECOACH devices incl. 2 clip mounts
- 2 premium headsets
- 2 USB charging cables and 1 twin adapter
- 1 brief instructions

Handy, lightweight, sturdy and intuitive to operate

All functions can be controlled with just three buttons. The wave-shaped design of the CEECOACH™ enables optimum operation, even when wearing gloves or without looking at the device.

Individual configurations can be set-up easily and are distinguished by different colored, illuminated symbols.
